

Certain statements in this integrated report may be defined as forward-looking within the meaning of the United States Securities Legislation.

Forward-looking statements involve known and unknown risks, uncertainties and other factors that could result in the actual results, performance or achievements of the group being materially different from the future results, performance or achievements expressed or implied by such forward-looking statements. These forward-looking statements may be identified by words such as *expect, believe, anticipate, plan, estimate, intend, project, target, predict, outlook*, and words of similar meaning.

Forward-looking statements are not statements of fact but statements by the management of MMI based on current estimates, projections, beliefs, assumptions and expectations regarding the group's future performance.

No assurance can be given that forward-looking statements will prove to be correct and undue reliance should not be placed on such statements.

Forward-looking statements apply only as of the date on which they are made, and MMI does not undertake any obligation to update or revise any of them, whether as a result of new information, future events or otherwise.

## CONTENTS

### INTRODUCTION
